## VIMY PEAK

Vimy Peak is the iconic mountain ridge that sits directly across the lake from the Waterton townsite. Previously called Sheep Mountain and Goat Mountain, the peak was officially renamed in 1917 in remembrance of the victory of the Canadian army at Vimy Ridge. The hike up Vimy is challenging to say the least. The 21 km (round trip) trail traverses through streams, prairies and forests, and requires scrambling and route finding near the summit. Those who conquer the peak are rewarded with unbelievable views of the townsite, the surrounding mountain ranges and the boundless prairies in the distance.
