

2017 Custom Shuttles

All custom inquiries are based on available shuttles and availability of drivers.

Custom Shuttles are:

\$70 CAD + tax for 2 people maximum, and \$20 CAD + tax for each additional person for a one-way trip.

\$90 CAD + tax for 2 people maximum, and \$20 CAD+ tax for each additional person for a drop off and pick up.

Pets on Shuttles

We do accept pets at **no additional cost**, just with the expectation that the pet is comfortable with riding on a shuttle with other passengers and will be well behaved.

If we have another passenger that is allergic to pets and complains, we may have the party with the pet leave that shuttle and determine an alternative.

Mostly this applies to dogs, but we open to all pets within reason.
